

Andrés Torres Sandoval

Frontend Developer · React · JavaScript · TypeScript · Next.js · AEM

PROFESSIONAL PROFILE

Frontend Developer with a background in business management, focused on building accessible, responsive, and high-performing digital products. I combine clean technical execution with product thinking to turn complex requirements into scalable, maintainable experiences that create value for users and organizations.

CORE SKILLS

Frontend: JavaScript, TypeScript, React, Next.js, HTML5, CSS3, Redux

Styling & UX: Tailwind CSS, Styled Components, Bootstrap, Material UI, responsive design, accessibility

Platforms & Tools: Adobe Experience Manager (AEM), Git, Jira, Figma, WordPress, Firebase, SQL

PROFESSIONAL EXPERIENCE

PUBLICIS GROUPE

- Frontend Developer**
Publicis Production (Publicis Global Delivery)

Jan 2026 – Present

 - Develop and maintain digital experiences for an international brand account, translating brand, content, and business requirements into reliable web solutions.
 - AEM Forms, Experience Fragments, and eDAM:** enhance complex Adobe Experience Manager solutions and manage digital assets for adaptable content production.
 - Develop and continuously improve responsive production websites with React and Styled Components, ensuring reliable functionality, visual consistency, and release quality.
- Experience Technology Engineer (Frontend Developer)**
Publicis Global Delivery

Jul 2025 – Dec 2025

 - Promoted ahead of the standard company timeline** after consistently exceeding performance expectations and demonstrating rapid technical growth.
 - Expanded frontend responsibilities by delivering responsive AEM pages and reusable components while partnering with Technology Managers and QA to maintain release quality.
- Junior Experience Technology Engineer (Frontend Developer)**
Publicis Global Delivery

Nov 2023 – Jun 2025

 - Partnered with Technology Managers and QA to validate releases and build responsive pages with Adobe Experience Manager components.
 - Operational web and tablet applications:** contributed with React and JavaScript to enable access to critical product information while maintaining stability and presentation quality.

- Frontend Developer**
Ambivalent

May 2023 – Oct 2023

 - Initial website and multiple digital products:** combined creative direction with responsive, user-focused frontend execution for Ambivalent.
 - Contributed to product creation and launch decisions across leadership, creative, and technical teams while coordinating UX flows and strengthening brand visibility.

- Corporate Website Developer**
Aruna Asesores SAS

Oct 2021 – Feb 2023

 - Digital brand refresh:** led the website and social media update while coordinating cross-functional delivery aligned with business needs.
 - Established the website as a client communication channel and managed content, maintenance, reliable operation, and security.

- Head of Administrative Division and Quality**
Aruna Asesores SAS

Jun 2020 – Feb 2023

 - Reduced financial exposure and improved cash-flow visibility** by reconciling debtor balances and supplier payments and bringing receivables and payables up to date.
 - Directed ArunaMex administrative operations while managing international client relationships, operational KPIs, and INVIMA regulatory procedures.
 - Standardized administrative workflows and led ISO 9001 implementation, strengthening control, compliance, and business continuity.
